RE-EQUIPPING SERB ARMIES

LONDON, July 20.—From the shores of the Gulf of Riga in the north to that part of Southern Poland back into which they drove the Russians from Galicia the Austro-German armies are still surging forward and if Warsaw can be denied them it will be almost a miracle.

Ostrolenka is captured. This seems to be the consensus of opinion even among those in England who heretofore have been hopeful that the Russians would turn and deliver a counter blow and news of the evacuation of the Polish capital followed by the triumphant entry of the Germans amid such scenes as were enacted at Przemysl and Lemberg would come as no surprise. The German official statement beginning its recital at the northern tip of the eastern line records the progress of the German troops to within about 50 miles of Riga; then, following the great battle are southward, chronicled further successes in the sector northeast of Warsaw, culminating in the capture of Ostrolenka, one of the fortresses designed to shield the capital.

The acute peril to Warsaw is accentuated by the Russian official communication which says that German columns are within artillery range of the fortress of Nowo Georgievsk, the key to the northwest and only about twenty miles from it.

Lublin in Danger. Immediately southwest of the city and less than twenty miles from it, Blonie has fallen and further south Grojec, while German cavalry are astride the important railway from Radom to Ivangorod. The Lublin-Cholm railway is still in the hands of the Russians so far as is known, but the town of Lublin has either been captured or is in danger of falling into the grip of the Austro-Germans, the Russian commander-in-chief having issued through the civil governor an order that in case of a retreat, the male population is to attach itself to the retreating troops.

Settle Coal Strike. There has been a flash of British activity in Flanders without any appreciable change in the situation and the British public is far more interested in the South Wales coal strike, which by virtue of David Lloyd-George's flying visit to Cardiff seems to have been settled. It is understood that virtually all of the strikers' demands have been granted.

The Serbian armies are being re-equipped and re-organized, according to semi-official advices reaching London and will soon be in a position to resume the offensive.

TOBACCO GROWERS PLAN FIGHT

Lexington, Ky., July 20.—A meeting of the Tobacco Growers' association for the purpose of threshing out their differences with the warehouse owners will take place here today. The members are called to arms against the alleged combine of the warehouse men and President McKee of the growers declares that "unless the designs of the warehouse owners are thwarted the growers will suffer a cut in prices for their crops this year. It is claimed by the officials of the Growers' association that the organization formed against them is contrary to the wishes of the best men in the warehouse business. President McKee claims that the warehouse combination refused to let the question of affiliation be put to their stockholders, many of whom are growers."

David Lublin, expert in rural credits and farm marketing, who founded the International Institute of Agriculture in Rome, will address the mass meeting today.

REQUESTS CLAXTON'S REMOVAL

Portland, Ore., July 20.—The Sons of the American Revolution at their annual national congress here today adopted a resolution requesting the suppression of American School Peace league literature, action being in conjunction with the adoption of a resolution asking the removal of P. P. Claxton as United States commissioner of education "for alleged unpatriotic utterances."

COMET GOES ROUND SUN TODAY

Berkeley, Cal., July 20.—According to the calculations made by Prof. Crawford at the Students' observatory, Mollish's comet, which has been visible from the earth for several months, will make its perihelion passage around the sun today.

DECIDE ON GENERAL PRINCIPLES OF NOTE

CABINET AGREES ON CHARACTER AND
PURPOSES OF DRAFT

Secretary Lansing is at Work Putting Ideas Set Forth in More Precise Language—Note Will be Sent to Germany Within a Few Days.

Washington, July 20.—President Wilson and his cabinet decided today on the general principles of the note to be sent to Germany within a few days renewing the efforts to secure for American citizens protection of their rights on the high seas.

Reads Draft to Cabinet.

The president read to his official family, assembled for the first time in a month, a draft answering the German government's note of July 8th, which failed to grant the demands of the United States growing out of the sinking of the Lusitania. The draft was complete in form. On its character and purposes there was unanimous agreement and Secretary Lansing was at work tonight putting in more precise language the ideas set forth.

Members of the cabinet generally preserved secrecy regarding the probable contents of the communication and the president cautioned against detailed speculation in advance of the publication of the document lest mistaken impressions be created abroad before the actual text is received in Berlin.

Will Not be an Ultimatum.

Such information as was obtainable concerning the nature of the note was chiefly of a negative character. Cabinet officers made it clear that it would not be an ultimatum or make any threats as to the future purposes of the United States. At the same time, they pointed out that it probably would have an air of finality, curtailing the field of discussion and negotiation and placing squarely on Germany the responsibility for any actions that might subsequently endanger the friendly relations of the two countries. The communication will be couched in friendly terms although it will follow the spirit of firmness that has characterized previous notes.

Today's conference was devoted to an extent to a discussion of what the American people really wanted the Washington government to say and do in the present crisis. So far as the cabinet officers could judge by their examination of public expressions the nation had voiced an insistent desire that the honor and dignity of the United States be upheld in the correspondence with Germany but that a course should be followed which would maintain peace.

Action Depends on Answer.

On Germany's next reply and the crystallization of public opinion thereafter they will depend to a large extent, according to intimations from officials, what the action of the United States would be concerning future violations of the American rights.

Secretary Lansing stated today that no complete report of what had occurred in the encounter between the British liner Orduna and a German submarine had reached the state department. An investigation has been instituted through the treasury department and a report is expected within a few days, but the despatch of the note to Germany will not be delayed, it was officially stated, on account of the Orduna case.

IMPROVEMENT IS ANNOUNCED IN CONDITION OF LEO FRANK

MILLEDGEVILLE, Ga., July 20.—Improvement in the condition of Leo M. Frank was announced tonight by attending physicians who continued hopeful for Frank's recovery from the knife wound inflicted by J. William Green, a fellow life term convict at the Georgia prison farm here.

The following official bulletin was made public:

"At 5 p. m. Leo M. Frank's pulse was 88; temperature 100.4, respiration 18. Wound is draining freely and temperature falling. We consider his condition satisfactory."

Members of the state prison commission will come here Saturday to investigate the attack on Frank.

FLOOD CONDITIONS STILL SERIOUS.

COMPARATIVELY FEW ANSWER STRIKE CALL

MANUFACTURERS ASSERT ONLY
TWENTY-EIGHT HAVE WALKED OUT

Labor Men Attribute Failure of Remington Machinists to Quit to a Misunderstanding—State Men Will Not Work Today.

Bridport, Conn. July 20.—The strike call issued for the machinists working in the plans of the Remington Arms and Ammunition company and four sub contractors, brought out today, according to the estimates of the labor leaders, in the neighborhood of 175 men. The manufacturers, through the president of the Bridgeport Manufacturers' Association, said that exactly 28 men had walked out.

Will Not Work Today.

The labor men admitted tonight that not a man had left work in the main plant of the Remington company at noon today. They said the failure of the men to quit work was due to a misunderstanding, but that they would not go to work tomorrow morning. They added that the night force of machinists at the Remington plant had failed to go to work tonight.

Pickets were at work tonight and they said they were to have been responsible for the strike of the night force. Pickets, said the labor men, also would be responsible for none of the day force going to work tomorrow.

Conference May End Strike.

Thomas J. Savage, member of the executive board of the International association of Machinists, stated that about 75 men were on the night force that quit and that about 100 men in the shops of the sub-contractors had walked out. He also said that a conference was in progress in New York tonight which might lead to a settlement of the difficulties. He refused to give any details of the conference in the absence of J. J. Keppler, international vice president of the machinists, who left Bridgeport tonight with the expressed intention of attending a conference to settle a labor difficulty in the pulp mills of northern New York. He said he would return to Bridgeport later tonight or tomorrow. Plans for calling out many more machinists were made tonight by the labor leaders.

OFFICERS START ON SEARCH FOR ABDUCTED CATTLE MAN

Wealthy Rancher Is Taken at Point of Gun and Held for \$6,000 Ransom.

Idaho Falls, Idaho, July 20.—Officers of Booneville county departed today for the unsettled mountain country near the Wyoming state line to search for E. A. Empey, a wealthy cattle and sheep man, who was abducted at the point of a gun from his ranch 40 miles east of here last Saturday night. Empey's 25-year-old son, who was with his father at the time, brought a letter to Empey's relatives here in which the abductor demanded a ransom of \$6,000 in gold to be conveyed to Lone Valley near the Empey ranch by Saturday night. Failure to deliver the ransom, the letter stated, would result in Empey's death.

The gold, according to instructions in the letter, was to be delivered in an open wagon by two men and dropped on the road at a signal from the mountaineers. Then the men were to turn back. Any attempt to remain to follow the abductors would mean Empey's death, the letter says. If the money was paid Empey would be delivered safely Sunday.

TAKE TWELVE SHIPS TO KIRK WALL.

London, July 20.—From June 18 to June 30, twelve ships, only one of which was American, were taken into Kirkwall by British patrols. Of these only a portion of the cargo one ship was ordered discharged for adjudication in a prize court. The figures for July are not yet available, but unofficial records show a steady diminution in the number of seizures.

EXPLAINS WITHDRAWAL OF TROOPS.

London, July 20.—The withdrawal of British troops from Hill No. 60, in Flanders, news regarding which operation several newspapers complained was kept so long from the British public, was explained by Charles E. Hobhouse, the postmaster-general, in the house of commons today. At the time the hill was abandoned, he said, the "withdrawal of the troops had to be conducted in secrecy and it was conducted with singular speed."

When it became expedient to make the matter public it was no longer of any military importance. Hence the silence of the war office.

War News Summarized

The seemingly irresistible march of the Austro-German armies is winning for them town after town in Russian Poland and in other territory through which stretches the thousand mile battle front in the east.

Two pivotal points in their drive in Poland have been turned by the Teutonic allies. Ostrolenka, a stronghold on the narrow river 70 miles northeast of Warsaw, and Radom, 57 miles to the south of that town and 30 miles from Ivangorod, another of the great fortresses which girdle the Polish capital, have fallen, according to Berlin and Vienna.

How close the advance guards of the Austro-Germans have pressed toward Warsaw is indicated by the official statement of the Russian war office, which says that the guns of the fortresses of Nowo Georgievsk, 19 miles northwest of the capital, have shelled the heads of the oncoming columns. Artillery engagements alone characterize the warfare on the western line for the moment.

The occupation of 1500 yards of German trenches east of Ypres after the explosion of the British mine is reported by Field Marshal Sir John French. Berlin admits the explosion of the mine, but asserts that the British infantry were able to occupy only the crater made by the explosion.

Progress for the Italians on the Isonzo front, especially on the plateau of Carso, is claimed by Rome.

The Italian forces have been directing their attack on the bridge head at Gorizia. At this point they occupied several Austrian trenches, but according to the Austrian official statement, they were driven out.

Russian torpedo boat destroyers in the Black sea have sunk a fleet of 59 Turkish sailing vessels bearing cargoes of war materials for the Turkish army in the Caucasus, according to a news agency dispatch from Sebastopol.

BERTSCHE TESTIFIES AT TRIAL OF TWO CHICAGO DETECTIVES

Swears Capt. Halpin Agreed to Allow Friends of Bertsch to Operate Clairvoyant Parlor for \$100 a Month.

Chicago, July 20.—Christian P. (Barney) Bertsch, confessed "fixer" for crooks and criminals and briber of policemen, took the witness stand today in the trial of bribery charged against Detective William Egan and Walter O'Brien, a former city detective.

Bertsche who was brought back to Chicago from the Joliet penitentiary to testify in the police graft cases, told of a conversation he had with Captain John J. Halpin, former chief of detectives, in June, 1912, and swore that Captain Halpin, friends of Bertsch to open and operate a clairvoyant parlor on promise of payment of \$100 a month. The witness said he made numerous other openings with the sanction of Captain Halpin. "I met O'Brien in the spring of 1912," Bertsch testified. "He told me he was assigned to clairvoyants. I told him I could take care of him for \$100 a month."

"How long did these payments continue?" Bertsch was asked.

"From April 1912 to March 1913" replied the witness.

Bertsche also declared that Captain Halpin and Detective O'Brien received \$1,000 each in a wire tapping swindle.

STRIKERS CLASH WITH GUARDS AT OIL PLANT

SERIOUS RIOTING OCCURS AT STANDARD WORKS AT BAYONNE, N. J.

Several Hundred Men Apparently Attempt to Charge Oil Works and are Driven off by Guards—Two Hundred Chemical Workers Quit.

New York, July 20.—Serious rioting occurred again today at the Constable Hook Plant of the Standard Oil company at Bayonne, N. J., when several hundred of the five thousand striking employees clashed outside the company's plant with more than 200 special officers and policemen who were doing guard duty. The strikers apparently were trying to charge the oil works and the guards fired a number of shots into the air. The strikers immediately answered with a volley of shots and scattered. This was the second disorder of the day. The third disturbance occurred near the plant, when John Goldesky, a boiler maker, on his way home tonight was mistaken for a strikebreaker. He was attacked and seriously injured before the police interfered. He was removed to a hospital. Two arrests were made.

Tow Craft Into Upper Bay.

Steamers and barges that were being loaded in Kill Vonnuk with case oil, consigned, it is said, for England were towed into the upper bay and anchored near the Statue of Liberty. It was said that they would remain in the bay if the strike continued.

The strikers were augmented late today by 200 employees of the Bergenport Chemical company, adjoining the Standard Oil Works, who declared a sympathetic strike. The men at the tide water oil company another plant at Constable Hook, tonight refused to join the strike. The strike leaders, however, said that within 24 hours the tide water workers would be out.

Send Armed Deputies to Plant.

The leaders also hope to call out the 600 men employed at the Bay Water plant of the Standard Oil company. Officials of the Standard Oil company appealed to Sheriff Kinkead at Jersey City who sent 75 armed deputy sheriffs to the plant. They were immediately placed on guard in and near the buildings.

General Manager Gifford of the Standard Oil company said tonight that the company had no intention of giving in to the demands of the strikers. He added that there was enough oil on hand to last at least a year. The strike leaders deny this, saying that the company has no such amount of oil ready for use.

CUSTOMS INSPECTORS ARREST SALAZAR ON AMERICAN BORDER

EL PASO, July 20.—Jose Ynez Salazar, the Mexican general, who escaped from jail at Albuquerque last fall, was arrested by United States customs inspectors on the American boundary west of Palomas today, according to reports received here. Salazar was taken at once to Columbus, N. M., about five miles distant.

An agent of the department of justice will leave here tonight to receive him. It is expected he will be held at Albuquerque. Salazar was captured by customs inspectors. It is believed he crossed the border without realizing it, thinking he was still in Mexico. He was recently driven northward by some of Villa's men.

SPRINGFIELD, Ill., July 20.—Frequent conferences during the last 24 hours between Attorney Fayette Munro of Highland Park and Assistant Attorney General Arthur Roy failed to result in any agreement concerning a hearing of the suits filed recently attacking the validity of the appropriation bills passed by the general assembly.

Both Mr. Munro and Mr. Roy appeared before Judge Creighton in the Sangamon county circuit court this morning and asked him to give them a few days more in which to decide on a date for a hearing of the case. Judge Creighton told them he would give them an opportunity again in a few days.

BECKER APPEALS TO WHITMAN FOR RESPITE

LENGTHY STATEMENT PREPARED BY CONDEMNED MAN GIVEN GOVERNOR

Document is a Chronological History of What Becker Says Were His Dealings With Rosenthal and Others Mentioned in Murder Case

New York, July 20.—Another effort to save the life of Charles Becker, the former New York police lieutenant who is sentenced to die July 28th, for instigating the murder of Herman Rosenthal, the gambler, was made tonight when a 15,000 word statement, prepared by Becker in the Sing Sing prison, death house and said to contain new facts, was placed in the hands of Governor Whitman at Albany. With the statement was a request that the governor grant the condemned man a respite in "the light of the certain facts now disclosed for the first time."

To Ask For New Trial.

The publication of this statement here tonight followed the announcement during the day by Martin T. Manton, of counsel for Becker, that within the next few days an application would be made before a supreme court justice here for a new trial for Becker on the ground of newly discovered evidence. Becker's statement, done in his own handwriting, is a chronological history of what he says were his dealings with Rosenthal and the others mentioned in the murder case. This communication was accompanied with a copy of the argument used by Bourke Cockran of Becker's counsel recently before United States Supreme Court Justice Hughes for a writ of error. The latter document was included in the documents sent to the governor in order that he might know the grounds on which Mr. Cockran sought a writ of error.

Mentions Timothy D. Sullivan.

The name of the late Timothy D. Sullivan at the time of the Rosenthal affair, a state senator, is brought into Becker's statement at length. Becker claims that Sullivan had intervened with the police in an effort to get permission for Rosenthal to run his gambling house, saying that he was financially interested in the house and wanted to help Rosenthal.

Wanted Rosenthal to Leave.

Later, after Rosenthal's place was raided and the latter, being angry, began publishing charges against Becker, Sullivan, according to the statement, called the police lieutenant in and said that Rosenthal must be induced to leave town because if an inquiry were started, it might reach into election matters, a situation he wished to avoid. This was not long before the assassination of Rosenthal. Becker says it is common report that a sum of money was raised presumably by Rose from the gamblers to get Rosenthal away. Rosenthal refused the sum offered but consented to go for a larger sum. It is said that it was for this larger sum that he was waiting at the Hotel Metropole when he was shot. Becker adds that if it could be shown that Rose had been entrusted with a sum of money to be given Rosenthal it would shed a flood of light on the whole transaction and could explain the source of \$1,000 which Rose admittedly had paid to the gunmen.

ILLINOIS RIVER FLOODS SWEEP AWAY FORTY HOMES AT PEARL

SPRINGFIELD, Ill., July 20.—Floods in the Illinois river have swept away the homes of forty families at Pearl, Pike county, Illinois, according to an appeal for aid sent to the governor's office today by John B. Knox, president of the board of trustees of Pearl.

Orders were issued at once to the quartermaster's department, Illinois National Guard, to rush tents to Pearl to be used as shelters until the homeless can be provided for in other ways.

BEGIN ACTIVE WORK TO BRING CONVENTIONS TO CHICAGO

CHICAGO, July 20.—Active work was begun today in the campaign to bring the next Republican and Democratic National conventions to Chicago by a committee composed of seven Republicans, seven Democrats and seven members of the Chicago association of Commerce.

The plan is to raise a guarantee fund of \$100,000 to meet the expenses of each convention. Fred W. Upham, chairman of the committee believes that by using the same building for both conventions the city could entertain both bodies for about \$160,000, thereby saving \$40,000.

Seabain, members of the city council, chamber of commerce and the local Illinois society.

ZAPATA FORCES RE-OCCUPY CAPITAL

Development Surprises
Washington Officials and
Mexican Agencies

EXPECT NEWS OF BATTLE

Railroad Communication Between Vera Cruz and Mexico City Is Suspended

CABINET TAKES UP SITUATION

WASHINGTON, July 20.—Despatches to the state department from Mexico City late today announced that Zapata forces re-occupied the capital Sunday following the evacuation by the Carranza army under General Gonzales.

Resume Full Control.

Zapata officials were said to have resumed full control of the city from which they were driven ten days ago by Gonzalez who now has gone northward with his troops to meet an advancing Villa force.

This unexpected development came as a surprise not only to officials of the Washington government, but to both the Mexican agencies. It has been supposed that the Zapata army, defeated and harassed in retreat was operating along the railroad to Vera Cruz waiting an opportunity to form a junction with the Villa column approaching from the north. No word has been received of the whereabouts of General Gonzalez since he quit the capital.

Expects News of Battle Hourly.

News of a battle near Pachuca, already reached by Villa's men, is hourly expected and may already have occurred, messages being received here requiring about twenty-four hours in transmission. Other reports to the state department during the day said that railroad communication between Vera Cruz and Mexico City was suspended "on account of the present military operations" but no details of the operations were disclosed. Suspension of railroad communication is viewed here with alarm for the suffering people in Mexico City as this action completely cuts off the sending of much needed food supplies. A private message from a reliable source received today pictured the situation as desperate.

Cabinet Discusses Situation.

At the cabinet meeting today the uncertain Mexican situation was briefly discussed. Some move on the part of the United States in pursuance of President Wilson's message to the Mexican factions two months ago urging peace is expected in the near future. American consul General Shakin, who is now at Vera Cruz, returning to Washington from Mexico City, is expected to give the administration considerable light on the exact status of affairs in the republic when he arrives here next week.

FRISCO STAKES \$100,000 TO WIN \$4,000,000.

San Francisco, July 20.—This city is undertaking a campaign of "frenzied finance," in which it will spend \$100,000 on the chance of getting \$4,000,000 back. The four millions represents moneys impounded through rate injunction litigation. The opening gun has already been sounded in the water rate injunction cases, which have caused the accumulation of something over two millions. Eight of these injunction cases are pending and trial has begun this month. Then there are two gas rate injunctions yet unsettled which are responsible for the accumulation of a million dollars. One electric and one telephone rate injunction suit are also pending. The \$100,000 which the city is plunging represents the amount that will be expended in appraisements of the utilities mentioned in order to strike a rate making basis. The cases are all before H. L. Wright, U. S. standing master in chancery. His findings will be submitted to the U. S. district court for final adjudication.

HIGH IDEALS FOR SCHOOL OFFICIALS.

A Wisconsin educational publication in quoting from a county school annual, makes the following suggestions for school officials and thus outlines some very high ideals of action for them:

If I were a school official — and could:

I should make school houses compare favorably with the best homes in the community, both inside and out.

I would have large playgrounds, with plenty of shade.

I would see that the sanitary conditions—drainage, water supply, out buildings, light, heat, ventilation, blackboards and desks were in the best of condition.

I would see that a good, well paid janitor looked after the welfare of the building.

I would not employ a teacher the second term who did not in the meantime strive to improve her qualifications.

I would not employ any teacher who failed to attend the institutes and associations when it was possible to do so. Fossils may be of interest to geologists, but the pedagogical fossil creates little interest in the school room.

I would employ no teacher who did not take and read at least two good educational journals.

If you have a few million dollars to spare you might bid on the Wabash road which is to be under the hammer today by order of the courts. The Wabash is a \$200,000,000 corporation, without funds to pay its debts, a victim of high finance methods of railroading.

The latest contributor to Uncle Sam's "conscience fund" sent \$10,000 in a plain envelop addressed to Secretary McAdoo. The writer said he was returning to the government twice the amount he had stolen. Surely this individual had an awakening of the real kind for he confessed in his letter that the sending of the money had not fully eased his conscience. If every dollar taken from the government by one means of graft or another should be suddenly returned there would be no need of revenue taxes for some time.

An ordinance just passed in Keokuk, Iowa for the regulation of jitney service gives color to the claim of the jitney owners that a concerted effort is being made to put them out of business. The ordinance mentioned requires that the driver secure a license which will cost from \$50 to \$150 according to conditions; give a \$10,000 bond and maintain a regular route seven days a week. Other requirements are that children under seven must be carried free, no fare above five cents and no passenger carried on the running boards. There will not be many jitneys in Keokuk.

A Place Where All May Play.
Grownups as well as children may find recreation in the "perfect playground" at La Jolla, Cal., a recent present to the city by a woman of wealth. In the children's part are swings, slides and see-saws and a concrete wading pool flanked by sand piles, large and clean. In the older folks' playground are courts for basketball, volley ball and croquet and tennis courts with special cement foundations.

Within the handsome Mission style buildings which stand at the entrance of the grounds and close to the beach are a theatre, a reading room and a library of carefully selected books. Alongside the large basement banquet hall is a kitchen, fully equipped. Nothing had been omitted for public comfort. There is even a hospital room in charge of an expert nurse. The three and one half acres of grounds and buildings have well been called a "playground paradise," and with provisions for adults and children alike present a new idea in recreation centers.

The plans which are underway for Old Settlers' day in connection with the Chautauqua give promise that the day may be one of the most interesting and important of that week. It has been several years since an old settlers reunion has been held and it should be a matter of local patriotism for some of the younger citizens to join in making the reunion this year notable.

There is much of real interest in the history of Morgan county and the early settlers while they did not have the privations which were encountered in some frontier settlements nevertheless went through some severe and trying times that they might found here homes for coming generations. Too much of honor cannot be paid to the older residents and while the program of the reunion will be largely for their pleasure there will be features which will interest the general public.

FUNERALS

Crawford.

The funeral of Mrs. Margaret I. Crawford was conducted at ten o'clock Sunday morning from the Youngblood church in charge of Rev. N. M. Antrobus of Manchester. Music was furnished by the church choir and the flowers were cared for by her nieces, Misses Alma Lucy and Ada Story and Ruth, Mary and Martha Fanning.

The funeral was largely attended and members of the Rebekah lodge of which organization the deceased was a member, attended in a body. At her request the bearers were all members of the Odd Fellows lodge as follows: David Wilson, Warren Fanning, J. M. McNeely, Harry Fanning, C. H. Whitlock and W. T. Henry. Interment was in Youngblood cemetery.

Obituary.

Margaret I. Crawford was born April 30, 1867 at the old Story homestead, four miles southeast of Murrayville. She was the daughter of William S. and Elizabeth Story, and was the fourth of a family of ten children, two of whom died in infancy.

She was married Dec. 28, 1892 to Newton A. Crawford of Coalvale, Kas., who died in January, 1894.

She was converted when she was 18 years of age during a meeting which was held at the Youngblood Baptist church by Elder B. F. Drake and W. P. Hart. She joined the Union Grove church, where she lived a consistent member until her death. Her Christian life was the example of a living witness for the Master she loved to serve.

During her sixteen months illness she was happy and confident and looked forward eagerly to the day when the final summons might come, and she would be freed from her affliction and take up her final abode with loved ones gone before. As a shepherd calls his flock into the fold so the voice of the Master called: "It is enough; enter thou into the joy of the Lord," and the soul took its flight at 10:40 p. m. Thursday, July 15, 1915.

She is survived by her only child, Sarah E., wife of George Vedder of Jacksonville; three sisters, Sarah E., wife of James A. Gunn, Conway Springs, Ark.; Katie C., wife of Robert Fanning, and Martha A., wife of T. J. Wilson; four brothers, E. T. A. T., Charles H. and Robert H., and an aged father, the mother having died July 13, 1906.

Hammond.

The funeral services of Mrs. Mary Hammond were held from the Church of Our Savior Monday morning at 9:30 o'clock. High Mass was said by the Very Rev. Dean J. W. Crowe. The service at the grave was in charge of the Rev. Father Formaz. Interment was in Calvary cemetery and the bearers were: E. E. Stead, James Murphy, M. H. Carroll, Joan Van Os, Jerry Clancy and Martin Kenney.

Those from out of the city attending the funeral were: Mr. and Mrs. James Murry and family of Granite City, Mrs. J. F. Crenshaw of East St. Louis, Miss Margaret Scullion, Mrs. Michael O'Neil and Mrs. Charles Wynne of Beardstown.

THE BIRTH RECORD.

COUNTY CLERK BORUFF REFUSES TO GIVE MARRIAGE LICENSE

William B. Dennis of Waverly and Miss Elsie Jane Tunningley of Carlinville Find Wedding Day Delayed.

William B. Dennis, aged 18, of Waverly, and Miss Elsie Jane Tunningley, aged 16, of Carlinville, who presented themselves before County Clerk C. A. Boruff Tuesday afternoon, were refused a marriage license on the ground that the bride did not have a written order from the county clerk of Macoupin county which is required by law.

The young people were accompanied to Jacksonville by the groom's father, Levi Dennis, the bride's mother, Mrs. Arra Tunningley, and the bride's sister and her husband, Squire and Mrs. Orson P. Smith of Palmyra.

The bride and the groom-to-be, drove to Jacksonville in a buggy and the other members of the family came via railroad. When the license was asked for the mother stated that while she was willing for her daughter to be married, she thought that sixteen years was too young for any girl to be married. "How old were you Mrs. Tunningley, when you were married?" was asked by a bystander. She hesitated at first and finally replied "Sixteen". The bystander said, "Well, it does not depend so much upon the girl's age as it does the young man she marries." Whereupon the groom-to-be said that he thought he could make her a good living and wanted to be married.

"Squire Smith, who has been acting as a Justice of the Peace in one township in Macoupin county for a period of 25 years, was busy all this time looking up a point of the law relative to the case, with which he was not familiar, viz, that a person from another county must have an order from the county clerk from which county they came. It was only last January 1, that the good natured and widely known Squire had asked Mrs. Tunningley for the hand of her 20 year old daughter and they came to Jacksonville and were married here. The Squire in a clever manner, intimated to his dear brother-in-law that he would not seriously object to performing the ceremony, but added that perhaps he would like the Judge to do the job as the word "Judge" sounds bigger. Mr. Dennis said he intended to have a minister marry them.

Armed with the necessary papers which would allow the young man to go to Carlinville to wed which was duly signed by his father, it was the purpose of the young people that the ceremony be said there either today or Thursday. Barring no domestic infelicity and considering the youthfulness of the pair, it would be safe for their friends to wish them "a long and happy married life". They expect to reside on a farm west of Waverly.

Without this "connecting link" much of the value of the road improvement will be lost. Residents of the county have already agreed to pay \$2000 toward the improvement and if the total cost is \$3500 it seems that it should be possible to find the lacking \$1500 necessary without working a hardship upon anyone.

The effort to be made to continue the hard road on the Morton avenue highway west from the city limits to Hardin avenue should meet with hearty support. The stretch for which no provision has been made is frequently well nigh impassable and it is very desirable that the two miles of hard road which will soon be completed be extended to the city paying system.

MEN CHARGED WITH FRANKLIN ROBBERY ARE SENT TO JAIL

Frank Fisher Unable to Get Leniency for Son Declared He Was Being Railroaded Through.

Making the assertion that they were being railroaded through, Frank Fisher, one of the burglars on trial in Justice Dyer's court Tuesday, pleaded with the court for the release of his son. Fisher is a good talker and during the hearing he interrogated the witnesses who appeared against him and his companions. The men in addition to Frank Fisher are his son, James Fisher, and James Doyle and Harry Krus. They are accused of robbing several stores in Franklin recently. They were arrested at Virden and returned to this city after hearing the evidence Justice Dyer placed the men under bond in the sum of \$300 each in default of which they were remanded to jail.

There were a number of witnesses here from Franklin to testify Fisher did not seem to care about himself but he wanted his son to be freed. His appeal was of no avail, however, and it was after the refusal of the court that he made the assertion that they were being subjected to a kangaroo court. Later the accused men secured Paul Samuel to represent them in future court matters.

A letter from Dr. Byron S. Galley, who is at Waupaca, Wisconsin, states that he is rapidly recovering from his recent illness and is able to visit both of his farms and that of his brother-in-law, Edward Brown, every day. Before beginning school Mr. Stout lived on a farm east of the city, but his earliest days were spent in Jacksonville. MARRIAGE LICENSES ISSUED FOR JUNE WERE USUAL NUMBER

County Clerk B'raff Records Twenty-eight Licenses Issued During the Month of Brides—Record for Past Fifteen Years.

June is known as the month of brides, as well as the month of roses, and is usually the month when more marriage licenses are used than at any four weeks during the year. It was thought by some that maybe "hard time" stories would tend to decrease the number of young people to wed, but 28 licenses were issued, and in comparison with former years is within two of the average for the past fifteen years, viz., 30 licenses.

A peculiar point during the month was that from the 5th of June until the 15th there was not a single license issued. On the 15th, 16th and 23d respectively there were three licenses issued each day. The year 1907 holds the record, with 45 licenses.

The following is the June record since 1900:

1900	23
1901	27
1902	28
1903	29
1904	39
1905	32
1906	32
1907	45
1908	30
1909	37
1910	25
1911	25
1912	26

SEEK TO RECOVER THEIR LOSSES IN MEXICO

Plantation Scheme Declared a Swindle May Develop Into Paying Investment.

Philadelphia, July 20.—Although the appraisers who went to Mexico and looked over the property of the International Lumber and Development Company have reported that the assets of the concern were some \$738,000, instead of \$27,000,000, as claimed by the promoters, who are now in jail, the stockholders are still hopeful. Many of those who bought shares in the big \$6,000,000 swindle believe that the fraud can be changed into a bonanza and that all of the money invested can be returned with handsome dividends under the right management.

John O. Sheatz, the receiver, will later report as to the advisability of continuing the Mexican plantation as a going concern. He has looked over the ground with the appraisers. It is understood that his opinion will be based largely on the possibilities of early peace in Mexico. With efficient management under peaceful conditions many stockholders believe the plantations can be worked with success.

Four former officials and promoters of the bankrupt development are now in the eastern penitentiary. They are John Markley, Isaiah B. Miller, A. G. Stewart and Charles H. McMahon. They were convicted in the federal court here of defrauding stockholders through fraudulent statements of the development work being done on the plantation and the earning capacity of the concern. It was brought out at the trial that dividends amounting to \$1,500,000 had been paid out of the capital stock and not from the earnings.

A half million rubber trees were valued in the company's pamphlets at \$2,500,000. According to the appraisers the entire 600-acre rubber plantation is worth just \$1. The principal assets of the company are the 292,544-acre San Pablo plantation at Campeche, Mexico, and a benevolent field covering 18,625 acres. Although the promoters claimed they had expended \$4,000,000 on their lumber tract and placed a value upon it of \$13,000,000, the appraisers place a value of \$1 an acre on the tract.

SEEK TO HONOR ILLINOIS LITERATURE

Authors, Composers and Historians to Have Place on Centennial Program.

Illinois authors, historians and composers will play an important part in the 1918 Centennial celebration if plans which are now in embryo can be worked out. It is hoped a complete list of Illinois authors, historians and composers can be obtained and further that a complete file of their works may be exhibited at the time of the celebration. Members of the Centennial Commission desire to secure all the information that is possible from different localities throughout the state relative to old time historians, authors and composers who may have resided in those localities during the early history making days of the State.

Little thought is ever given to the fact that an Illinoisan, George Frederick Root, wrote, among other songs, "The Battle Cry of Freedom" and "Tramp, Tramp, The Boys are Marching." The "Battle Cry of Freedom" was first heard in Chicago at the time of the Civil War and it immediately became so popular that the tune was whistled on the streets and within the short space of twenty-four hours thereafter was being whistled upon the streets of Galena. The author resided in Chicago when he wrote and produced the song for the first time.

At this time the members of the Centennial Commission are bending their energies to secure all possible information which will put them in touch with the work of other early authors and historians and composers who were residents of Illinois in the early days and one having such information will kindly send same to Mrs. Jessie Palmer Weber, Secretary Illinois Centennial Commission, Springfield.

BONDELLA WINS NORTH RANDALL SWEEPSTAKES

SETS NEW TRACK RECORD FOR THREE YEAR OLD TROTTERS.

Judge Ormonde and Peter Farren Fight Hard for Honors in the 2:12 Pace, the Former Finally Winning Out—Lelia Patchen Wins 2:05 Race.

Cleveland, O., July 20.—Bondella the trim little daughter of Walnut Hall was the sensation of today's program of the Grand Circuit meet at North Randall track. Superbly piloted by Tommy Murphy she won the North Randall sweepstakes for three year old trotters without effort, outclassing her field and stepping a mile in 2:07 3-4, which clips a quarter of a second off the local track mark for 3 year old trotters, set a year ago by Lee Axworthy. The 2:12 pace developed into one of the greatest duels ever staged, Judge Ormonde and Peter Farren fighting it out in every heat the former taking the verdict by winning two of the three great sprints to the wire.

IS A REAL HOME TOWN BOOSTER.

G. B. Andre is a merchant who believes in boosting. While he was in the furniture markets he was interviewed by a representative of the Furniture Journal and that Mr. Andre is an optimist the following interview will show.

"G. B. Andre, of Andre & Andre, Jacksonville, Ill., is in the market. He is accompanied by his wife and daughter and his chief clerk, W. C. Hamm. Mr. Andre has just returned from his fruit farm in Michigan. When asked how conditions were down state he said: "Trade conditions locally are very good and we are looking forward to a good fall business. Our business for the first six months of this year as compared to the same period of time last year shows an increase of about 10 per cent. We think Jacksonville is the garden spot of the earth and our crops around there are very good. Our wheat will average 40 bushels to the acre and corn looks very good. Oats ought to yield about 100 bushels per acre, so you see how crops are. The United States has an Agriculture Bureau in our town and the men working out there report good conditions. Two of them reported 90 per cent crops and the others turned in 90 per cent. We have an institution in Jacksonville which I think is very interesting. It is a printing shop conducted by blind people. They print popular music for blind people and ship it all over the country. It is the only shop of its kind in the world and it certainly is worth seeing." Mr. Andre claims to be a direct descendant of General Andre who fought under Napoleon at Waterloo, and he is very proud of it. His report of conditions is very encouraging."

BIRTHDAY PARTY.

The best arranged and most successful anniversary affair of the season was celebrated at "Big Timber Farm" six miles northeast of Litterberry, Sunday, the 18th.

It is a fact that Mr. James Lowden, like all other smart people, has a birthday once a year, also, he is a very industrious and busy man, and the very last thing he would think of, would be his birthday. On last Sunday one of these birthdays overtook him, but the approach was so insidious, he never guessed the fact; his wife and daughters against him for a surprise and succeeded beyond their most sanguine expectations. A son in law of Mr. Lowden's, took him for a ride for his special good, and kept him out until near dinner time. When they returned the house and yard was full of relatives, all jolly and good natured, a large table loaded with all the substantial and luxuries of the year, meats, vegetables, fruits, candies and ice cream, a table fit for a king to sit down to. Mrs. Lowden was Miss Ida May Litter, before marriage, raised near Litterberry, and has that habit peculiar to the Litterberry ladies, of being a good cook; her daughters resemble her very much in this respect, so you can imagine about what met the eyes of Mr. Lowden when he came to the dining room. From the way his eyes protruded and the look of surprise on his countenance, it is doubtful if he saw anything on the table; nevertheless he fell into his proper place, and used up his part of that good dinner and enjoyment, with alacrity. A social afternoon was spent, with a good time all around. Miss Tillie Armstrong was present with her picture machine, and no doubt there will be some good pictures produced in the near future. We were not informed how the pictures were taken, in what shape or groups, but presume they will be, before and after, see? Twenty-five persons were present including four children and three grandchildren. This worthy couple have been married twenty-six years, and by their good and quiet life, reserve any good thing passing through the country. We wish the family many more such happy days.

MIDSUMMER MORNING STORY HOUR AT LIBRARY.

This morning at half past nine, Miss Clara Lane will tell a group of fairy stories to the children of Jacksonville. Midsummer is the fairies' own time and through the magic "of oak and ash and thorn," elves and fairies and goblins too will assemble on the Library lawn under the mulberry tree. The children's room at the Library has been moved to the main floor during cleaning and decorating so the children will gather in the west reading room on the main floor between nine and half past nine and then go with Miss Lane to find the "Little People" out of doors.

FINED FOR MAIN-TAINING NUISANCE

Anderson Mosley was in Justice Dyer's court Tuesday and was fined \$25 and costs for maintaining a nuisance inside the city limits. Mosley has been keeping hogs and complaint was made against him with the result as above mentioned.

LOOKING AFTER REAL ESTATE BUSINESS

Gus Maurer who has charge of all the real estate of the Reisch Brewing Company was in Jacksonville Tuesday. Mr. Maurer was looking over the Illinois hotel which is being remodelled. He also inspected the company's other properties here. He returned to Springfield on the evening train.

With efficient management under peaceful conditions many stockholders believe the plantations can be worked with success.

Four former officials and promoters of the bankrupt development are now in the eastern penitentiary. They are John Markley, Isaiah B. Miller, A. G. Stewart and Charles H. McMahon. They were convicted in the federal court here of defrauding stockholders through fraudulent statements of the development work being done on the plantation and the earning capacity of the concern. It was brought out at the trial that dividends amounting to \$1,500,000 had been paid out of the capital stock and not from the earnings.

A half million rubber trees were valued in the company's pamphlets at \$2,500,000. According to the appraisers the entire 600-acre rubber plantation is worth just \$1. The principal assets of the company are the 292,544-acre San Pablo plantation at Campeche, Mexico, and a benevolent field covering 18,625 acres. Although the promoters claimed they had expended \$4,000,000 on their lumber tract and placed a value upon it of \$13,000,000, the appraisers place a value of \$1 an acre on the tract.

SEEK TO HONOR ILLINOIS LITERATURE

Authors, Composers and Historians to Have Place on Centennial Program.

Illinois authors, historians and composers will play an important part in the 1918 Centennial celebration if plans which are now in embryo can be worked out. It is hoped a complete list of Illinois authors, historians and composers can be obtained and further that a complete file of their works may be exhibited at the time of the celebration. Members of the Centennial Commission desire to secure all the information that is possible from different localities throughout the state relative to old time historians, authors and composers who may have resided in those localities during the early history making days of the State.

Little thought is ever given to the fact that an Illinoisan, George Frederick Root, wrote, among other songs, "The Battle Cry of Freedom" and "Tramp, Tramp, The Boys are Marching." The "Battle Cry of Freedom" was first heard in Chicago at the time of the Civil War and it immediately became so popular that the tune was whistled on the streets and within the short space of twenty-four hours thereafter was being whistled upon the streets of Galena. The author resided in Chicago when he wrote and produced the song for the first time.

At this time the members of the Centennial Commission are bending their energies to secure all possible information which will put them in touch with the work of other early authors and historians and composers who were residents of Illinois in the early days and one having such information will kindly send same to Mrs. Jessie Palmer Weber, Secretary Illinois Centennial Commission, Springfield.

BIRTHDAY PARTY.

The best arranged and most successful anniversary affair of the season was celebrated at "Big Timber Farm" six miles northeast of Litterberry, Sunday, the 18th.

It is a fact that Mr. James Lowden, like all other smart people, has a birthday once a year, also, he is a very industrious and busy man, and the very last thing he would think of, would be his birthday. On last Sunday one of these birthdays overtook him, but the approach was so insidious, he never guessed the fact; his wife and daughters against him for a surprise and succeeded beyond their most sanguine expectations. A son in law of Mr. Lowden's, took him for a ride for his special good, and kept him out until near dinner time. When they returned the house and yard was full of relatives, all jolly and good natured, a large table loaded with all the substantial and luxuries of the year, meats, vegetables, fruits, candies and ice cream, a table fit for a king to sit down to. Mrs. Lowden was Miss Ida May Litter, before marriage, raised near Litterberry, and has that habit peculiar to the Litterberry ladies, of being a good cook; her daughters resemble her very much in this respect, so you can imagine about what met the eyes of Mr. Lowden when he came to the dining room. From the way his eyes protruded and the look of surprise on his countenance, it is doubtful if he saw anything on the table; nevertheless he fell into his proper place, and used up his part of that good dinner and enjoyment, with alacrity. A social afternoon was spent, with a good time all around. Miss Tillie Armstrong was present with her picture machine, and no doubt there will be some good pictures produced in the near future. We were not informed how the pictures were taken, in what shape or groups, but presume they will be, before and after, see? Twenty-five persons were present including four children and three grandchildren. This worthy couple have been married twenty-six years, and by their good and quiet life, reserve any good thing passing through the country. We wish the family many more such happy days.

MIDSUMMER MORNING STORY HOUR AT LIBRARY.

This morning at half past nine, Miss Clara Lane will tell a group of fairy stories to the children of Jacksonville. Midsummer is the fairies' own time and through the magic "of oak and ash and thorn," elves and fairies and goblins too will assemble on the Library lawn under the mulberry tree. The children's room at the Library has been moved to the main floor during cleaning and decorating so the children will gather in the west reading room on the main floor between nine and half past nine and then go with Miss Lane to find the "Little People" out of doors.

FINED FOR MAIN-TAINING NUISANCE

Anderson Mosley was in Justice Dyer's court Tuesday and was fined \$25 and costs for maintaining a nuisance inside the city limits. Mosley has been keeping hogs and complaint was made against him with the result as above mentioned.

LOOKING AFTER REAL ESTATE BUSINESS

Gus Maurer who has charge of all the real estate of the Reisch Brewing Company was in Jacksonville Tuesday. Mr. Maurer was looking over the Illinois hotel which is being remodelled. He also inspected the company's other properties here. He returned to Springfield on the evening train.

Plantation Scheme Declared a Swindle May Develop Into Paying Investment.

Philadelphia, July 20.—Although the appraisers who went to Mexico and looked over the property of the International Lumber and Development Company have reported that the assets of the concern were some \$738,000, instead of \$27,000,000, as claimed by the promoters, who are now in jail, the stockholders are still hopeful. Many of those who bought shares in the big \$6,000,000 swindle believe that the fraud can be changed into a bonanza and that all of the money invested can be returned with handsome dividends under the right management.

John O. Sheatz, the receiver, will later report as to the advisability of continuing the Mexican plantation as a going concern. He has looked over the ground with the appraisers. It is understood that his opinion will be based largely on the possibilities of early peace in Mexico. With efficient management under peaceful conditions many stockholders believe the plantations can be worked with success.

BOSTON ADMINISTRATES SHUTOUT TO WHITE SOX.

Red Sox Two Runs Come in Second Inning and Another is Scored in Fifth—Detroit Defeats Philadelphia.

Chicago, July 26.—Ernest Shore held Chicago to two hits, one a scratch, and Boston shutout the locals. The defeat with Detroit's victory relegated the locals to third place. Boston's two runs came in the second when E. Scott singled and after two men were out, Shore lined to left. Murphy misjudged the ball and it went for a double. Hooper followed with another double to right.

Detroit, July 26.—Detroit made it our straight from Philadelphia winning a hard fought game. In the ninth inning Steen weakened and filled the bases after two were out and one run had scored. Daus came to the rescue and on his first delivery pitched a low ball that bounded off Stanages glove and landed a few feet in front of the plate. Kopf tried to score but Daus recovered the ball and tagged him out.

PHILLIES SCORE SIX IN EIGHTH AND WIN

DOWN CHICAGO BY A SCORE OF 8 TO 6.

Bad Pitching and Fielding by Cubs Responsible for Philadelphia's Victory—Braves Down Cincinnati

Philadelphia, July 26.—Bad pitching and fielding by Chicago in the eighth inning enabled Philadelphia to score six runs and win today's game. With one out in the home team's half of the eighth, Zabel, who took Lavender's place in the seventh, gave Byrne a pass and was succeeded by Pierce. An error and a pass filled the bases and Cheney went in to pitch. Cravath's single and Niehoff's double scored four runs and Cheney's wild throw on Whitted's bunt and Cheney's two wild pitches sent in two more.

Demaree succeeded Rixey in the ninth and yielded one run.

WORLD'S MARKET NEWS

WHEAT UNDERGOES BIG FALL
OWING TO CLEARING WEATHER

Government Weekly Forecast Promises Better Conditions in Regard to Harvesting—Deferred Deliveries of Corn Go Lower With Wheat.

Chicago, July 20.—Wheat underwent a big fall in value today owing to clearing weather throughout the entire domestic belt and as a result of the government's weekly forecast promising better conditions in regard to the harvesting and movement of the new winter crop.

The market closed heavy at 3 3/4 to 5 3/4 net decline.

Corn finished 3/4 to 1c down 3/4 to 5c up, oats off 3/4 to 1c and provisions showing losses of 15 to 15 1/2c.

Bearish sentiment as to wheat prevailed from the outset, the general opinion being that because of good weather receipts would soon show a material increase and that the quality of arrivals would be much more satisfactory than has recently been the case. A good deal of significance was attached to reports that generous quantities of wheat had easily reached contract grade had begun to flow into the Indianapolis market and that threshing was in active progress over the greater part of Illinois and Missouri.

The effect was quickly visible in the flurry of liquidating sales, especially on the part of recent buyers, and in the vigor with which the leading speculators took to the short side.

Announcement that export sales were being cancelled had considerable influence against the wheat bulls and were not offset to any appreciable extent by the fact that a fair amount of new business with Europe developed as a result of the break in prices. No advices were received that would warrant any renewal of the scare about black rust. In the corn market the deferred deliveries went lower with wheat. The July option hardened owing to a shipping demand from the east and because of the scantiness of country offers. Oats gave way under hedging sales. On the decline, however, cash transactions were heavy, including 400,000 bushels for export.

MARKET LETTERS

CHICAGO MARKETS.

Union Stock Yards, Chicago, July 19, 1915—Oliver S. Green, with Walter Bros., Union Stock Yards, Chicago, Ill., reported estimated receipts for Monday, July 19, 1915:

16,500 cattle.
44,000 hogs.
12,000 sheep.

The market opened very slow and late, and the first sales were of the picked over kinds, and choice, cattle that sold above the 10c mark were steady, but below the 10c mark they were weak to 10c lower.

The supply was light around the market circle, but that did not seem to stimulate the prices here. The market had a bad close and many good to choice cattle looked 15c lower.

The other markets, St. Paul especially shipped their tallings here what they could not find an outlet for there. We sold some fancy yearlings, belonging to Levi Seass of Sullivan, Ill., averaging 932 at \$10.35. No other yearlings were sold above \$9.85. Butcher stock sold 10 to 15c higher for desirable kinds. Canners were strong, bulls strong to 10c higher. Veal calves, 25 to 50c lower than last week.

The general hog market was 10 to 15c lower than last Saturday's average, and some sales 20c lower, with the closing market on packing grades weak. There was a wide range in prices, top 8.10.

Range lambs generally 25c lower, and 40 to 50c lower than one week ago. 28 double decks of range lambs at 8c with a light sort. Native lambs steady to lower, best 8c, to packers, with a city top at 8.10. Matured mutton scarce and firm. Yearlings slow but about steady.

Cattle quotations:
Choice to prime heavy butchers, 9.50 to 10.35.
Common to fair yearlings, 7.25 to 8.85.
Good to prime yearlings, 9.00 to 10.50.
Medium to good handy steers, 8.75 to 9.10.
Common to medium warmed ups, 7.85 to 8.65.

Interior to round grades, 6.50 to 7c.

Butcher stock, cows, 3.20 to 7.25, with a few extra prime 7.50 to 8c, and 5 cows that belonged to Mr. I. P. Coultas of Winchester, Ill., sold at 8c. Heifers, 5 to 8c with prime quoted up to 9 and 9.25. Bulls, 4.75 to 7.60. Common calves to good vealers, 4.75 to 9.75. Choice to prime vealers, 10 to 10.25.

Hog sales, mixed packing, 6.90 to 7.15.

Medium and butchers, 7.3c to 7.50.

Poor to good heavy packing, 6.70 to 7c.

Rough heavy packing, 6.35 to 6.65.

Light weights, 7.50 to 7.90.

Select packing and shipping, 8.05 to 8.10.

Pigs and throughouts, 2.75 to 7.90.

Native ewes, 2.75 to 6c.

Native lambs, 6 to 8.10.

Native yearlings, 5 to 7c.

Bucks, 4 to 4.50.

Idaho ewers, 6.30.

Idaho lambs, 6.75 to 8c.

Idaho yearlings, 5.65 to 6.75.

Respectfully, Oliver S. Green.

KANSAS CITY MARKET.

Kansas City Stock Yards, July 20.—Stockers and feeders trade last week was of the same volume as the previous week, 6,500 head, and slightly more than the corresponding week last year. Prices were strong first of the week and heavy feeders brought up to \$8.65, but the market slowed up perceptibly and towards the last of the week well bred, weighty feeders sold at \$8.10 to \$8.25, choice feeders weighing 1,000 to 1,050 pounds selling around \$7.90 and good 800 to 900-lb cattle around \$7.50. Fancy stock steers sold up to \$8.65, but only a few got above \$7.75, pretty good ones at \$7.50 to \$7.75 and fair quality kind, good colors, and cattle that will do well on grass sold at \$7 to \$7.25. Some plain stockers were down to \$6.25. Advices from feeding sections in Illinois and other states indicate that a good many cattle will be needed this fall, but some buyers hesitate because fly-time is here. A Kentucky buyer, however, last week duplicated an order for two cars of 950 pound feeders filled here two weeks ago. Warren county, Illinois, a great cattle feeding center, has a promising corn crop, according to W. L. Butler from that section who bought 52 head of 1090 pound feeders here last week. Several Ohio buyers took out cattle last week and a larger percentage of the outgo went east than heretofore. The supply today was 9,000 head and the market was firm. Killing grades sold better today, prime steers selling freely at \$9.85 to \$10.10, which had a stimulating effect on stockers and feeders.

When you wash your hair don't use soap.

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

It is Just Natural To Admire Babies

Our altruistic nature impels love for the cooling infant. And at the same time the subject of motherhood is ever before us. To know what to do that will add to the physical comfort of expectant motherhood is a subject that has interested most women of all times. One of the real helpful things is an external abdominal application sold in most drug stores under the name of "Mother's Friend." We have known so many grateful mothers, who in their younger days relied upon this remedy, and who recommended it to their own daughters that it certainly must be what its name indicates. They have used it for its direct influence upon the muscles, cords, ligaments and tendons as it aims to afford relief from the strain and pain so often unnecessarily severe during the period of expectancy.

Every woman should mention "Mother's Friend" when the stork is the subject of conversation. An interesting little book is mailed free upon application to Bradford-Regulator Co., 505 Lamar Bldg., Atlanta, Ga. It refers to many things that women like to read about. It also contains more complete directions than could be put upon a label. It refers not only to the relief from muscle strain due to their expansion but also to nausea, morning sickness, caking of breasts.

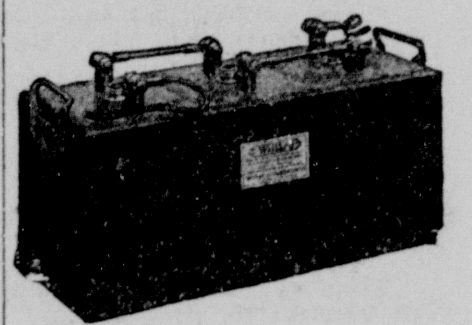

Get or recommend a bottle of "Mother's Friend" to-day and write for the book.

The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

A patch is a little thing but lack of it may compel you to take to "shank's horses." It's a good idea to have some along.

Something depends on the quality of the patch, too. To repair a puncture in a new tube with a poor patch is like plugging a rat hole with cheese.

Put some of our patches in your tool box. They are new live rubber—as good as the tube. And we have the right cement to go with them—the "suckiest" cement you ever saw. We also have Goodrich Self-Vulcanizing Patches—the kind that doesn't need any cement.

HAS DRIVEN HEARSE FOR OVER SEVEN THOUSAND FUNERALS

John McAllister Long in the Employ of Cherry's Livery, Goes to Woodson to Make His Home With Niece, Mrs. Edward Cade.

John McAllister, who has been in the employ of Cherry's Livery for twenty-eight years, has severed his connection with the firm and Tuesday went to make his home with his niece, Mrs. Edward Cade, in Woodson.

Perhaps no other in Central Illinois and in the state has driven a hearse for over 7,000 funerals, but that is the record for Mr. McAllister. For a great many years that position was held by him and he has driven many miles in all directions from Jacksonville. On some days the firm handled as many as six funerals and Mr. McAllister has kept a record of each one.

Mr. McAllister used to do considerable driving for the late John Cherry, and it will be recalled how many times they have been seen together going to the various homes and places where Mr. Cherry had interests. Mr. McAllister knew the plumbing business and was handy with tools and his services were highly valued. When Cherry used to have his barn on East Court street, Mr. McAllister acted as barn foreman. Mr. McAllister's long years of work have entitled him to lighter duties. He has a son working in a printing office in Des Moines, Iowa and he expects to visit him in the near future. For the past seven years he had been making his home with H. L. Chaney, who conducts the Union hotel on East Court street.

MORTUARY

Taylor.

Mrs. Alice A. Taylor, of whom brief mention was made in Tuesday's Journal, died at the home of her daughter, Mrs. D. L. McCarty, on North Main street at 2:10 o'clock Tuesday morning. Mrs. Taylor was suffering from heart trouble and her last illness extended over a period of ten weeks.

Deceased was born at Palmyra, Mo., June 6, 1850. Her mother removed to Jacksonville at the close of the civil war in 1865. She was united in marriage to W. S. Taylor August 21, 1870. She is survived by her husband and four children. Mrs. Helen Brown, Danville, Ill.; Mrs. D. L. McCarty, Mrs. Spencer I. Taylor and Mrs. Gertrude A. Dye, all of Jacksonville. There also survive five grandchildren, Russell and Eugene L. Brown, Lawrence W. Dye, Beatrice L. Dye, Ralph Taylor; also four great-grandchildren, Harold, Mildred, Helen and Kenneth Brown.

Mrs. Taylor united with the Christian church when a child and was baptized in North river at Palmyra when 12 years of age. Her father died at Hannibal, Mo., in 1853 and her mother came here with her two children in 1865. She united with the Christian church and was a member of the church when the meetings were held in the court house, when that edifice stood in Central park. She lived a faithful Christian life and was a good wife and a loving mother, always self-sacrificing and having a good word for everyone. She was president of the Aid society of the church for five years and was a charter member of the Missionary society of the church. Her mother died Nov. 10, 1895, and her brother, the Rev. W. E. Arbogast, passed away Dec. 29, 1913.

The funeral will be held from Central Christian church Thursday afternoon at 2:30 o'clock. Friends wishing to view the remains will call at the house, as the casket will not be opened at the church.

RICHARD T. TINDALE GOES TO WATERY GRAVE

SUFFERS HEART ATTACK WHILE SWIMMING IN JAMAICA BAY.

Son of John L. Tindale, Formerly in Business in Jacksonville Unable to Stem Tide and Efforts of Father-in-Law, Howard M. Nesmith to Save Him, Fruitless.

W. T. Brown and E. W. Bassett are in receipt of letters from John L. Tindale, a former resident of Jacksonville and member of the late music firm of Tindale, Brown and company, stating that his son Richard T. Tindale was drowned while swimming in Jamaica Bay, July 15. He was the only son and the father was broken hearted over the loss sustained. Mrs. J. L. Tindale is a sister of E. W. Bassett of this city.

Mr. Tindale was in business in Jacksonville for fifteen years and has been away from here for about the same length of time. After leaving here he went to Buffalo, N. Y., and after a year's stay there went to Manhattan, where he has been a department head for the G. Schirmer Publishing company.

The Flushing Evening Journal in speaking of the accident says:

"Richard T. Tindale, 33 years old of Sixth street, Bayside, was drowned while swimming in Jamaica Bay at 11 o'clock Thursday morning. His body had not been recovered at the time of going to press. Mr. Tindale and his father-in-law, Howard Nesmith of 35th street, Flushing, went to Ramblersville on Jamaica Bay Thursday on a fishing trip.

Tide Carried Him Out.

They hired a boat at one of the fishing stations and rowed out into the bay. After fishing awhile they decided to take a swim from the boat which was anchored well out in the bay. Both men jumped overboard and before they realized they were some distance from the boat and the strong tide was fast bearing them further out.

"Mr. Nesmith who is an excellent swimmer tried to assist his son-in-law, but the tide was so strong that he finally had to fight for his own life. After struggling in the water about half an hour, Mr. Nesmith was rescued by some men in a fishing boat who hauled him into their boat just as he was about to give up. Mr. Nesmith was exhausted and became unconscious when he was rescued.

Body not Recovered.

As soon as he realized the situation Mr. Nesmith told his rescuers that his son-in-law had been with him in swimming and the party hastened to the spot where the rescued man had left Mr. Tindale. Mr. Nesmith had gotten Tindale within arm's length of the boat. Grappling irons were used and the bottom of the bay was thoroughly dragged for a distance of a mile in all directions, but with no results. It is believed that the strong tide, carried Mr. Tindale's body out toward the ocean at Rocky way inlet. A search is still being made for the body.

"Mr. Tindale was the son of John Lingard Tindale of Flushing. He was married five years ago to Miss Bertha Nesmith, daughter of Mr. and Mrs. Howard Nesmith. For a number of years, Mr. Tindale was connected with the Schirmer Publishing Co., publishers of sheet music of 23 East 34th street, Manhattan. A few years ago he began the manufacture of music cabinets and his salesrooms are at Manhattan. He had been very successful in this enterprise and his concern has been doing an extensive business. The Tindale Music factory is located at Lawrence street in one of the buildings formerly occupied by the C. W. Cupp Lumber Co.

Leaves Widow and Children.

"He is survived by his widow and three children. The children are John Lingard Tindale, second, aged 4 years; Anna Lingard, aged 3 years, and Richard Talbot Tindale, aged 6 months.

Mrs. Tindale has four sisters all of whom reside in Flushing. Miss Ada Nesmith is associated with Miss Mattie Roberts in the Little Brown Shop, 8 Jamaica avenue. The Misses Alice and Edith reside with their parents and another sister is the wife of the Rev. Charles Knowles, a former pastor of the First Baptist church."

GEORGE T. DOUGLAS UNITES HIS TWO GROCERY STORES

Will Conduct All Business From West State Street Stand — A Wholesale Department for Consumers Who Buy in Quantities.

George T. Douglas announced yesterday that beginning with this date he will consolidate his East North street store with his West State street store and conduct all of his business from the latter stand. R. C. Deaton, who has been in charge of the East North street store, will continue with Mr. Douglas on West State street. Mr. Douglas' reason for the change is that he has just opened a cash wholesale department and finds he can give better attention to his entire business by having it under one roof. Mr. Douglas began business in a small store on East North street about fifteen years ago and his business has grown and developed through the years in a very satisfactory way. The East North street store, which is being vacated by Mr. Douglas, is to be occupied by J. M. Wolfe, who has for some time been conducting a successful store on the south side of East North street.

The wholesale department to be operated by Mr. Douglas will be located in the north room of his present quarters. There residents of the city or county who wish to buy in quantities will be taken care of and the prices will stand comparison with those offered by mail order houses or other dealers.

SPECIAL NOTICE.

We are receiving today our LAST CAR OF BLACKBERRIES for canning purposes. Persons who have not yet secured their supply should take advantage of this opportunity. CALL YOUR GROCER.

OLD SETTLER'S DAY PROMISES TO BE A CHAUTAUQUA FEATURE

Committee Met Tuesday to Talk Over Preliminary Plans — Residents Since 1861 to be Classed as Old Settlers.

Members of the committee which have in charge the arrangements old settler's day in connection with the Chautauqua held a conference Tuesday afternoon in the directors room of the Farmers State Bank and Trust company. Among members of the committee present were Messrs. Ensley Moore, Frank J. Heintz, John E. Wright, James H. Ranson, A. C. Rice and Carl Hillerby. Only the preliminary plans were discussed and the details are to be worked out later.

Tuesday August 24, has been designated as Old Settlers' day and it is the plan to have an informal gathering at 10:30 o'clock that day with a picnic luncheon at noon. In the afternoon former speaker Charles D. Adkins will make an address and at this same session there will be various exercises appropriate to the day. Any person who was born prior to 1861 the first year of the civil war, or who moved here prior to that date will be ranked as an old settler. Other residents who are still older will be divided into four or five classes and it is the hope that several who have been residents of Morgan county for three quarters of a century will be present. The plans also include the exhibiting of heirlooms and relics especially those which can in any way be counted as identified with the history of the county. As indicated only a general outline of the day's program has been agreed upon and more complete details will be published at another time.

THOMAS DAVIS FOUND DEAD IN HIS GARDEN

BODY DISCOVERED BY DAUGHTER ABOUT 8 O'CLOCK LAST NIGHT.

Long Time Resident Went to Garden and Dropped Dead From Organic Heart Disease—Came Here From Menard County Twenty-two Years Ago.

Thomas Davis, an old resident of the city, was found dead in the garden at his home, 738 South Church street, by his daughter, Miss Harriet Davis, about 8:15 o'clock Tuesday evening. Mr. Davis had been in poor health for over a year and death was caused by organic heart trouble.

According to Miss Davis, her father had gone to the garden after supper, as was usual with him in good weather. When he did not return as it began to get dark, she went in search of him and found him lying on the ground. She immediately called several neighbors who responded and Mr. Davis was removed to the house and Dr. Rowe summoned. It is probable, however, and was the opinion of Dr. Rowe, that Mr. Davis had been dead about fifteen minutes before his daughter found him.

Coroner Wright was immediately notified and impaneled a jury and held an inquest. The jury was composed of the following: Edward Kastrop, foreman; O. H. Spaulding, clerk; and W. W. Hanback, Charles Johnson, John W. Boston, S. F. Boston. After hearing the evidence of Miss Minnie Davis and Dr. Edward Rowe, who has long been the family physician, the following verdict was rendered:

"We, the undersigned jurors, sworn to inquire into the death of Thomas Davis, on oath do find that he came to his death by organic heart disease."

Thomas Davis was the son of David Davis and was born in Menard county in 1844. He followed the occupation of farming for a number of years. Twenty-five years ago he removed to Jacksonville and has not followed an active business life since that time. December 16, 1869, he was united in marriage to Serina Baker. To this union five children were born, one of whom preceded him in death. There survive his wife and four children, C. H. Davis, Beards town; Mrs. W. C. Boland, Hobart, Okla.; W. D. Davis and Miss Harriet Davis of this city. There also survive three brothers, Charles Davis of this county and S. W. and Alfred Davis of Cass county, and two sisters, Mrs. Hall and Mrs. Blair, both of Cass county.

We have secured a LARGE SUPPLY OF BLACKBERRIES for canning purposes today. Call us up for prices. Berries SOLD SUBJECT TO YOUR INSPECTION. CANNON BROS. Illinois phone 1288.
